

Health Insurance Quick Tips

Saves You Money and Potentially Reduces Monthly Premiums

1. Do **NOT** Pay for Procedures Up-Front
 - Remember, *the District HRA pays 75% of the cost before you pay anything*
 - Procedure estimates typically do not specify that you only pay 25% out-of-pocket

2. Prescription Drugs by Mail Saves You Time & Money
 - 90 day supplies are automatically mailed directly to your house
 - Ask your doctor to switch your prescription to Express Scripts

3. Visits to the Emergency Room are Expensive
 - Urgent Cares and doctor's office visits save you money

Visit the Treasurer's page of the website and click on "Insurance Information" for additional resources.

Stop by or give the Treasurer's office a call/email with any questions or issues. We may be able to resolve your issue if we know that you are having one!
