

The first month of the 2013-14 school year is off to a positive start. Everyone returned from summer break well rested and ready to get back to doing what we do best... **TEACHING AND LEARNING!!**

We currently have 946 students in our building. This includes 77 kindergarteners, 91 open enrollment students and several other new students.

Welcome to the 2013-14 school year at Fairfield Local Schools! We are glad you're here!

ONE CALL NOW

Our One Call Now notification system is currently not working. We are having issues with our student database information uploading into the One Call Now database. Both companies involved have been working on this issue since early August. We hope to have the system back up by the end of this month.

Please remember to notify the secretaries of any phone number changes.

**DISTRICT OFFICE - 937-780-2221
HIGH SCHOOL - 937-780-2966
MIDDLE SCHOOL - 937-780-2977
ELEMENTARY - 937-780-2988**

COUNT WEEK

As a public school, Fairfield Local relies heavily on state and federal funds. The money received is driven by the number of students we have enrolled and the number of students who use school transportation.

Each year, the first full week of October is designated as "Count Week" across all schools in Ohio. The data collected from this week is submitted to the Ohio Department of Education.

It is very important that all students attend school every day from October 7-11. If they must miss due to an illness or other issue, a note is required. If your children ride the bus, please be sure that they ride during this very important week .

FOOD SERVICE

Please remember to send meal money to school with your children. Our policy allows each student only 2 charges. After 2 charges, they are given a PB&J Uncrustable and a white milk until their charges are paid.

We offer a convenient on-line payment service that allows you to put money on students' accounts, check their balances and see what they are buying!

Visit www.myschoolbucks.com to learn more and create an account.
